

Trauma Workshop (Airway Management)  
Lesson Plan  
Derbyshire 2019

Session No:	
Duration:	40 Minutes
Title:	<b>UKRO National Competition Trauma Workshop</b>
Session Aims:	To provide an overview of the theoretical and practical management of the airway in a trauma casualty
Objectives / Learning Outcomes:	<ul style="list-style-type: none"> <li>• To provide an overview of the assessment of the airway</li> <li>• To apply the airway ladder in the treatment of the airway</li> <li>• To practise manual manoeuvres on the airway mannequin</li> <li>• To carry out practical insertion of airway adjuncts on an airway mannequin</li> </ul>
Resources Required:	IT to support a power point presentation 1 x Flipcharts Clinical equipment – Airway mannequin and a selection of airway adjuncts Paper and pens
Additional Notes:	The clinical equipment will be provided by P Keating

Assessment Method:	This session is not assessed; however comprehension of learning will be continuously assessed during the session
Reference Material:	

Timing	Subject Matter	Teacher Activities	Learner Activities	Resources
5 mins	Introduction and MARCH assessment	F a c i l i t a t e introduction	Listen to peers	
5 mins	Explanation of the airway ladder, including iGel and fluoroscopy videos	F a c i l i t a t e discussion using the power point to drive discussion.	Observe, participate and take notes	IGEL and fluoroscopy videos

5 mins	<p>Demonstration of manual manoeuvres and insertion of airway adjuncts using airway mannequin</p> <p>Suction device Head tilt, chin lift jaw thrust Nasopharyngeal airway Oropharyngeal airway iGel supraglottic airway</p>	Facilitate demonstration using the airway mannequin	Observe, participate and take notes	Airway mannequin and airway adjuncts
15 mins	<p>Students practise on mannequin under supervision</p> <p>Suction device Head tilt, chin lift jaw thrust Nasopharyngeal airway Oropharyngeal airway iGel supraglottic airway</p>	Provide supervision of airway management techniques	Observe, participate and take notes	Airway mannequin and airway adjuncts
10 Mins	Recap and questions	Facilitate discussion using the demonstration to drive discussion.	Observe, participate and take notes	

10 mins	Session close	Facilitate discussion on areas that when well and areas that need to be improved upon for the session	Participate and feedback on the course	Feedback forms
Homework/Tasks: None will be included for this session	Evaluation/Review: Candidates will be given the tutors contact details to provide any addition feedback on the session.
